Ron Ransom : Ron Ransom's Favorite Santas for Carvers (Schiffer Book for Carvers) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ron Ransom's Favorite Santas for Carvers (Schiffer Book for Carvers):

Using over 220 beautiful color photographs and clear, concise instructions, Ron Ransom takes the reader through all the steps necessary to carve nine of his favorite "Old World" Santas from wood. Patterns are provided for Santas holding a variety of objects, ranging from angels and Christmas trees to a golf club, messages, fishing poles, and even political emblems! Along with the carving instructions (sprinkled with Ron's unique sense of humor), general tips for

painting the completed Santas are provided, as well as answers to carvers most frequently asked questions Also, a gallery of finished Santas is presented for further inspiration. Whether the carver has been working with wood for fifteen years or fifteen minutes, this book will be a new treasure.

About the Author Ron Ransom is a leading self-taught wood carver, teacher, and author who has been carving wood for many years.
