the moment it was received we eagerly anticipated making bracelets. We immediately went out and bought beads and when we started making the bracelets we were hooked. The book came in awesome shape. A must read if you like Rainbow Loom!⁰ of 0 people found the following review helpful. Wonderful book with patternsBy Patti GarciaLove the book. It gives my daughter many hours of enjoyment.¹ of 1 people found the following review helpful. Great inspiration and instructions!By K. MilaniWow, wow, wow! I have never used a rubber band loom, but reading this book inspired me to go out and get one! The instructions are clear with nice diagrams of each step in the process. It also includes scannable QR codes that take you directly to a YouTube video showing the technique. Very nice!The book includes 11 easy designs, 9 intermediate designs, and 6 challenging designs. It's great because they tell you exactly which kinds of bands and specific kinds of beads to use in order to attain the design they present. No guesswork! Nineteen of the patterns are for bracelets, all are lovely, but especially the Jane Austen bracelet. Several bracelet patterns have included variations. This is particularly nice for a beginner, like me, because it helps to visualize what a small change in band color or size of beads can make in the overall appearance of the finished bracelet. It's amazing the difference changing just one color can make in a bracelet!To be honest, the earrings, pendant and key fob designs don't turn my crank, but the bracelet patterns more than make up for this and it also sparks ideas for more projects. I also like the hair clip design, but can't help but wonder if it would snag my daughters' hair.My 10-yr-old daughter begged me to let her show the books to her friends and let them get started making some bracelets.All in all, if you like rubber band bracelets, or are looking for a great craft for your kids, this would be a great addition to your library. Highly recommended.I received my copy from the publisher in return for my honest review.

A Beautiful New Twist on Rubber Band Looming!The bright colors and fun patterns of rubber band looming make for an easy and fun jewelry craft that everyone loves. Add sparkling glass beads, crystals, and other embellishments, and you have a recipe for some seriously glamorous jewelry and accessories!Rubber Band Glam features stunning designs by the three creators of the popular rubber band looming website and YouTube channel LoomLove.com, mom Christina Friedrichsen-Truman and her daughters Emily and Madeline Truman. "The rubber band trend shows no signs of slowing down, so it's a good thing there are books like Rubber Band Glam to provide new approaches to the basics of rubber band bracelets and accessories, including a change purse and backpack charms. The projects in this book are intricate and beautiful, elevating the elementary rubber band bracelet into a much more sophisticated creation." - Parent Society
