I am just getting into rug hooking and this DVD was very helpful. It is laid out in chapters and was very good at demonstrating the techniques. It was not overly technical and was explained clearly.

I thought this DVD was very helpful for me being a new rug hooker. It shows nice detail on various techniques in rug hooking. I really enjoyed how to hook circles, turning a corner and following a curve line.

Getting started and how to pull loops
Loop height and skipping holes
Loop direction
Straight and diagonal lines
Staggering ends
Hooking shapes
Hooking squares
Points and triangles
Hooking circles
See rug-hooking methods in close-up detail, freeze-frame to capture techniques, and reverse to review a lesson in this comprehensive introduction to the art of rug hooking. The DVDs can be used in conjunction with The Rug Hooker's Bible, or they can stand alone.
