**Ruth McDowell : Ruth B. McDowell's Piecing Workshop: Step-by-Step Visual Guide Indispensable Reference for Quilters Bonus Projects** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ruth B. McDowell's Piecing Workshop: Step-by-Step Visual Guide Indispensable Reference for Quilters Bonus Projects:

18 of 18 people found the following review helpful. Clearly wonderful!By Rose GermaineRuth B. McDowell's Piecing Workshop: Step-by-Step Visual Guide, Indispensable Reference for Quilters, Bonus ProjectsMy first quilt was by Cynthia England and was a parchment paper design. I won viewers choice with this quilt. I was anxious to find out more about this technique and ways to create my own designs. I chose Ruth's book because I own several of her other

books and knew that I would not be disappointed; and I'm not. The how to instructions are not complicated and in an easy to understand format. I would recommend this book for the quilter whose time has come to move on to more innovative expressions of her art. Enjoy! Rose Germaine, Los Angeles

Unfortunately I missed out on a live workshop with Ruth and sent my best buddy in my place instead. She LOVED it!!! Even though I tried to practice her techniques in her other books, I never quite 'got it'. I guess I'm just more of a 'show me what you do' kind of person. This book changed all that and I made her sugar maple quilt quickly and easily and I'm thrilled with the outcome! Also, with her guidance on inset seams, I finished a difficult navajo quilt that had had me stumped because I couldn't get the seams set in just right. But with her latest book, it was like having this amazingly talented and wonderful lady right there with me! She is such inspiration, her quilts are outstanding and absolutely fabulous! Thanks Ruth, -can't wait for the next one!!!

By B. Smith  
I love the author's quilts, and this book gives me a glimpse of how complex the amazing designs are to construct. This book is full of information--and a bit daunting to a beginning quilter. Still, it's a good resource and another glimpse into McDowell's unique process.

This step-by-step visual guide teaches 5 of Ruth's unique piecing techniques that virtually guarantee the ability to piece almost anything!

About the Author  
Ruth McDowell is an internationally acclaimed professional quilt artist, teacher, and author.
