Malcolm Hillier : Sachets Cushions (Little Scented Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sachets Cushions (Little Scented Library):

This book provides practical instructions in the making of sachets and cushions with descriptive captions, artwork borders and full-colour photographs throughout. Part of "The Little Scented Library" series, the book gives the reader a host of traditional recipes and gift suggestions as well as imaginative new variations. Scented endpapers are a fragrant reminder that outlives the special occasion. By the author of "Arranging Dried Flowers", "Flowers", "Container Gardening" and co-author of "The Complete Book of Dried Flowers".
