Kristy Harris : Scrapbook Asian Style!: Create One-of-a-kind Projects with Asian-inspired Materials, Colors and Motifs before purchasing it in order to gage whether or not it would be worth my time, and all praised Scrapbook Asian Style!: Create One-of-a-kind Projects with Asian-inspired Materials, Colors and Motifs:

1 of 1 people found the following review helpful. This is a very special book and WELL WORTH READINGBy nepatiotgalinfilI am scrap booking my recent trip to south east Asia and wanted design layoutsI got much much more. The book gave insights to the symbolism important to each of the Asian culturesMany many beautiful examples wit descriptions of how the elements of designs worked togetherThere was a whole section on using fabric Duh! Why haven't I ever thought if thatThank you for such a wonderful book1 of 2 people found the following review helpful.

Huge disappointment! WOW. By Oregon I think those other reviews must be from relatives! I got this book and it was VERY disappointing. I think it looks like someone who doesn't have much artistic skill made the pages. About all that makes it "Asian" are the papers (you can buy that at any craft store) a few Chinese coins (who can't come up with that idea) and the kids in the pictures. The layouts are extremely low level and have hardly any creativity. I was so looking forward to this, too bad. It's amazing to me that this book even got published when the layouts are so weak with all the good books on scrap booking that are out there. Glad I only paid 3.99 for it. I hope I can return it! I apologize for this being such so harsh, but I truly feel this is a fair review. It's too low level, and even if you aren't artistic, you can do better than this! 0 of 0 people found the following review helpful. Five Stars By Gus Saucedo thank you

Create fun and easy scrapbooks with an Asian flair! For scrapbookers tired of the same old same old, *Scrapbook Asian Style!* is chock full of new ideas, art, and inspiration for creating beautiful scrapbook craft. It's perfect for experienced scrapbookers who are looking for something new to try in their layouts and for beginners who love the distinctive look of Asian design who simply want to make a splash with something special. With 150 projects from several accomplished scrapbook artists, such as a Buddha Light Switch Cover and Grandma's Origami Brag Book, this inspiring reference provides tons of ideas as well as step-by-step instructions on how to add pizzazz to layouts with Asian colors, motifs, fabrics, papers, text and brush work. Dozens of fun and exciting materials and techniques are used to give scrapbook layouts an Asian feel including rub-ons, Asian characters, Chinese seals, die cuts, pressed flowers, patterned paper, handmade paper, washi paper, fabric, letter stickers, stamping, embossing, distressing, Chinese calligraphy, paper weaving, faux batik, journaling, origami, digital effects and more. Scrapbookers of all levels will find ideas to document and celebrate special memories and occasions including vacation, baby layouts, "all about me" pages, grandparents and grandchildren layouts, family portraits, anniversaries, birthdays, graduations, baby showers and holidays.

"If you're interested in adding an international perspective to your scrapbooking, this book is a great starting point." *Memory Makers Magazine* "there are so many ways to make a photo and page look great, but what made me interested in this book, is the Asian Style! It's totally different, but does add such a nice and beautiful look to a photo that I haven't tried." *Test Try Results* blog About the Author Kristy Harris moved to Asia in the late 1990s with her husband to practice international law. To keep friends and family up to date with pictures of her family - she as two children - and travels around Asia she spends her evenings scrapbooking boxes of pictures, finding inspiration in the many cultures and artistic styles found in Asia. Kristy is the founder and managing director of Far Flung Craft, a company that specializes in Asian-inspired papers and embellishments for scrapbookers and paper crafters. She lives in Singapore with her husband and children.
