This one is fabulous for all levels from the beginner to the scrapbookers that have been doing it for years ... I could go on and on about how much I enjoyed this book and it is ONE THAT I WILL BE THUMBING THROUGH AND READING FOR YEARS TO COME I AM SURE ... I truly don't believe you would be disappointed if you bought it ... it is going in my (soon to be) new scrap room sitting on a very visual shelf so I can grab it whenever I want.4 of 4 people found the following review helpful. Loved This

Book!By Helen L. ScorsoneThis book is a few years old but still has tips that work today. I took this book on a crop and used many ideas to create beautiful and fun pages. I am so happy that I purchased this book. If you are looking for an idea book with different ideas this is the book to give your pages a different spin.1 of 1 people found the following review helpful. Scrapbook Techniques neededBy KittypotsI loved the idea of this book, however when I received it, I was a little disappointed that there wasn't enough of a variety of different scrapbooking ideas - such as pictures of a variety of layouts, utilizing types of embellishments, and tools etc.
