By Lorena Merino Every year I buy this sticker a day calendar, it's very cute it has 360+ stickers for each day and each holiday very creative! 2 of 2 people found the following review helpful. TOO MUCH FUN!!! By Bonni Stickers, stickers and more stickers, all of them awesome!! And all of them on a clear background! some of the stickers are tiny and some of them are bigger, pages are divided into 3 sections. One page for Mon/Tues/Wed, and another for Thurs/Fri/satsun. So you get two pages for each week, but each page has tons of stickers, there are way more than one a day!! The stickers are great on cards, letters, notebook pages, calendars, tags, backs of letters, on anything at all!!! This calendar is my absolute favorite of all of the the page a day sets available, they are: Easy Scrapbooking - backgrounds and frames with a new page for every day, Punch-Outs - cardstock with a small blank lines section I use as a mini diary, and the Sticker-A-Day, I am also trying the Quilling one this year too! I had so much fun with all of them that I bought them all again this year, who knew a calendar could be this much fun or inspiration!! It's like being a kid again! I definitely recommend this calendar to anyone who likes neat stickers!! Sure do hope they come out with a 'rub-ons' calendar again! Now that would be too cool an addition! I don't peek in advance BUT tomorrow I get to put away the 2007's and bring out the new boxes flip open the lid that becomes the back stand and woo hoo start another year off right! Happy new year everyone, mine is going to be FUN! 0 of 0 people found the following review helpful. Scrapbooker's Sticker-A-Day By Susan Buckson I love this product. I also bought the Punch-Out and Scrapbooking calendars. The three items together, make several pages and look nice on my layouts. The order came very fast after I ordered it and the package was unopened.
