Rebecca Carter : Scrapbooking for the First Time (Fiskars Photo Memories, 2165) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scrapbooking for the First Time (Fiskars Photo Memories, 2165):

0 of 0 people found the following review helpful. New ideas for new and longtime scrapbookersBy Kindle CustomerI had borrowed this book from the library. I am always looking for new and different ways to do scrapbooking. What I liked about this book was the fact that they walked you through the basics and had different techniques I hadn't used before.Although I have been scrapbooking for several years, I had not taken any classes to show me how. This book is good for beginnings and for others who have done scrapbooking for years. Just the illustrations of the layouts are worth the money for this book. I liked it so much that I gave my daughter one for a gift too. I really think it is worth buying. Although I first borrowed it from the public library, I realized it was that good that I wanted my own copy.0 of 0 people found the following review helpful. Awesome concise instructionsBy Yvette PinteroBeing a newbie and excited to begin my 1st book Ms. Carter's instructions has helped me immensely. I particularly liked the "list" of needed items and her design tips. Thanks, Ms. Carter.0 of 0 people found the following review helpful. More Ideas for Scrapbooking!By Jocelyn Moore DobranskyInteresting ideas for your scrapbooking - it's never too much to have many books and ideas! Sharp pictures and easy to follow details.

Informative well written book for the beginner scrapbooker. It has easy to understand instructions and clear pictures to

guide the beginner scrapbooker.
