Glancing through it, it has great pictures and some inspiring ideas. It is a very small book and only about 20 pages long. My coworker seemed to like it.1 of 1 people found the following review helpful. Love Scrapping on the

table!By L. HightowerWhat fun I never knew how cool it would be to create these memories! I must say a sad part of scrapbooking is the need to close them now I can have the photos out all the time and share the best of the best! Great gifts for the grandma's that have everything too! I had to run out and buy all her other titles as well!

Use your scrapbooking skills to create new works of art for home decor.
