**Kathleen Greco, Nick Greco : Scrapbooking Plus!: More Than Just Paper** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scrapbooking Plus!: More Than Just Paper:

0 of 0 people found the following review helpful. Scrapbook guideBy CustomerFound many different ideas to implement onto scrapbook pages....highly recommend0 of 0 people found the following review helpful. great ideasBy Judith LundyGreat ideas for scrapbooking and other projects. Love it when I find a book that gives great information in such a useable mode.0 of 0 people found the following review helpful. A visual treat with great ideasBy Armchair InterviewsIt seems that creativity has gone the way of the digital realm - computer-generated photographs, painting and countless varieties of artistic media are displayed in a one-dimensional format on the screen of a personal computer. That's why it is so refreshing to see a three-dimensional book address project crafts, especially in the realm of scrapbooking.Scrapbooking has been around for ages, but never has it been more formalized than in contemporary times. In Scrapbooking Plus! More Than Just Paper, Kathleen and Nick Greco have assembled a collection of creative

approaches to preserving memories. It offers over 60 projects with clear, step-by step techniques that allow for individual ingenuity, and a variety of materials are peppered throughout to encourage originality and thoughtfulness. Scrapbooking Plus! is also a visual treat. The photographs of scrapbooking examples are colorful, inspired and inventive. Techniques are straightforward and user-friendly. What's more, the layouts presented are fresh for either a novice scrapbooker or a seasoned crafter. What a wonderful way to preserve those memories! Armchair Interview agrees.

A fresh new dimension in scrapbooking. This book lets crafters of all levels celebrate their memories with scrapbook albums using the hottest new materials and techniques. Scrapbooking is a hot trend, and many books exist on the topic, mostly aimed at the traditional style of scrapbooker while "Scrapbooks Plus!" is more diverse. "Special Effects Scrapbooking" offers a variety of styles, but the projects are not as polished as those in "Scrapbooking Plus!"

About the Author NICK KATHLEEN GRECO of Dimensional Illustrators, Inc, have produced more than twenty craft and graphic arts books since 1989.
