From Brand: Annie's : Scrapbooking with Cricut (Annie's Attic: Paper Crafts) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scrapbooking with Cricut (Annie's Attic: Paper Crafts):

1 of 1 people found the following review helpful. Nice Book for Generating Ideas!By CupcakeI ordered this book under the impression I would be provided with detailed ways to improve my scrapbooking experience. I like the book to gain ideas, but it's not what I was looking for. Some scrap books give detailed instructions on how to recreate a project, step by step. I need something that's much more advanced. So, I do agree with past reviews on this book. It's basic and probably not what an advanced scrapbooking person is looking for. I can use some of the layout ideas, but I have a book that's very detailed and I got that at a thrift store for \$1.99! That's where I will go before I spend money for a book that doesn't provide what I needed. My purchase though was not in vain. I can still use the book, just not to level I desired.1 of 1 people found the following review helpful. NewbieBy Deborah LightenerI think overall this

gives you good guidelines and gives you some ideas but the book calls for sometimes multiple cricut cartridges just for one layout. To be able to reproduce the things in this book you would have to have a lot of cartridges. 0 of 0 people found the following review helpful. Scrapbooking with Cricut By scrappylady so many mistakes in the book. Sizes are wrong on a lot of the designs and in some cases they even listed the wrong cartridge. I also bought the Annies Cricut card book and that was even worse, When you had to put layers together they didn't fit, wrong cartridges. It even gave a size for a card that there was now way it would even fit on 12 x 12 paper. I thought maybe it was me but I had a couple of my scrapbook friends try to make it and there was no way,

Licensed by the makers of Cricut and organized chronologically by month, this crafters companion contains 36 creative and colorful scrapbooking ideas for the most popular holidays and occasions throughout the year. With detailed step-by-step instructions, beginning and experienced scrapbookers will find plentiful inspiration for using Cricut to help capture memories traditional holidays, a first birthday, a special sports moment, or a dream vacation on paper.
