Susan Ure : Scrapbooking Your Vacations: 200 Page Designs before purchasing it in order to gage whether or not it would be worth my time, and all praised Scrapbooking Your Vacations: 200 Page Designs:

0 of 0 people found the following review helpful. Layouts imaginative!By Mary TThis book gave me more ideas than I had imagined I'd find. The layouts and embellishing techniques can be easily used for any subject.0 of 12 people found the following review helpful. Good book.By KatherineThis is a good book,which I enjoyed.It is a good buy.But I suggest borrowing it from the library instaed of wasting your money on new books.

Holidays make the perfect scrapbook subject and this colourful, inspiring guide reveals how to capture those memories in a beautiful album. Every page suggests fabulously original ideas for layouts and for incorporating beloved photos of interesting locales and family fun. The hints and tips keep things organised and looking great and the result is a scrapbook as interesting as the holidays itself.

From BooklistScrapbookers already know the basic lesson: "It's not just photos anymore." But even those experienced in the craft will appreciate the fresh ideas Ure puts forth in this collection of more than 200 page plans, which brings together designs inspired by choice vacation spots across the globe. Crafters will find great-looking, full-color pages motivated by trips to Asia, Africa, Europe, and more to copy or adapt as they choose. For each sample scrapbook page, Ure provides a list of the materials used to create it and commentary about the design itself, often including hints that can be applied to other scrapbook projects. The crisp photos are, of course, in beautiful color to allow the various textures to show to full advantage. Scrapbookers won't let this stay on the shelf long.
