**Jan Bode Smiley : Scrapbooks on the Go: Collect Create While You Travel (Create Treasure (CT Publishing))** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scrapbooks on the Go: Collect Create While You Travel (Create Treasure (CT Publishing)):

0 of 2 people found the following review helpful. Love it!By L. J. LuckeThis book gives lots of ideas how to make or prepare your scrapbook while on vacation. Great tips en good doable explanations.3 of 3 people found the following review helpful. Wasn't a Scrapbooker Before, but...By HOrdooverI'm not a scrapbooker--that needs to be stated up front--but this book is great.Why?Because a non-scrapbooker can see all of the ways she can create beautiful and meaningful records of her life, WITHOUT having to devote her entire life to scrapbooking.I'm a pack rat by nature

and I fear being taken over by scraps, and stamps, and bits of ephemera (I'm letting yarn have that gig). This book not only explains how-to (as far as techniques go) but how-to as far as planning and executing scrapbooks SIMPLY. I have learned SO MUCH from Jan and her excellent ideas. The book itself is clearly laid out, well-photographed and edited, and great fodder for anyone with a trip coming up. My only complaint? Jan didn't take me with her on any of the WONDERFUL trips she recorded and shared in this book.

This inspiring and useful volume will help readers create the perfect scrapbook - wherever they are! Using only simple and portable supplies, "Scrapbooks on the Go" is packed with ideas on how to fill in scrapbooks during travel or on holiday. Preparation for the projects is quick and easy, and filling in the book will only take a few minutes every day. It also contains many useful hints and tips on how to customize your scrapbooks, and on whether to print photos straight away, or leave spaces for them to be added at home.

About the Author Jan Bode Smiley is an author and mixed media artist, who is continually trying to find new and exciting crafting techniques.
