What stood out more than anything else and spoiled the book for me, is that the expression on the face of all the figures is so wooden, that is, there is nothing at all that you would expect to see in babies and children's expression. Those in the book all look extremely bored. Marion Springer 0 of 0 people found the following review helpful. Five Stars By Marlene Brady Great product!!!!!! Great deal!!!!!! 0 of 0 people found the following review helpful. Was ok By Kelly Very informative
