The book is in perfect condition and was delivered quickly. I'm very pleased. I have not actually sewn from these patterns yet, so I cannot speak to fit; but Joan Hinds other books and patterns have been excellent and she gives great information on how to adapt patterns to fit specific dolls. 0 of 0 people found the following review helpful. Everything you need to make dolls clothes for 18" dolls By Elizabeth Rieder Love the book and instructions. With a little bit of various changes, all these patterns can give you a large wardrobe of clothes for any 18 inch doll. To keep pattern pieces straight after cutting them from the master sheet, I put separate pattern pieces in large 8x5 white envelopes, label the front and place them in the book on that pattern page. Only thing some might find not too great is having to cut all those pieces from that big sheet. Will need

some basic knowledge of sewing and following pattern instructions, beginner might need a little help at first then book will be a real snap for most. 0 of 0 people found the following review helpful.
