A great pattern and idea book ...By Magda DenesBought this jewel of a book because I fell in love with the grey coat on the front jacket. I've already made skirts and blouses to fit a little girl's American Girl doll and am now cutting out the beautiful 18" doll-size coat. It's a fine book with well-drawn full-size patterns that fit well. Just use this book and your imagination for some lovely dolly clothes.

Perfect for young sewers honing their skills or for older sewers who like to make doll clothes for kids or grandkids, this guide features trendy and fashionable designs for 18" dolls. The book contains full-color step-by-step instructions for 28 distinct pieces from casual to dressy. The designs are fast and easy to make, come in full-sized patterns, and are fat quarter and scrap friendly. Each outfit imitates current tween fashions, including leggings, hoodies, jeans, and boho styles. Also included are patterns for accessories such as purses, wristlets, backpacks, boots, slippers, and even pets.
