Sure it gives you instructions to make things but you have to go to her website and sign up in order to see the product. One way to get traffic going through her site I guess. Also need an AdBlocker of sorts. The first few pages is full of her promoting her other books and whatnot. Really annoying that the Table of Contents is at the BACK of the book as well. Unless you want to subscribe to annoying emails don't bother with this book.8 of 9 people found the following review helpful. No pics, constantly wants you to go to the website and give your email, lacks detail instructionsBy EMThis has to be the most annoying book I have ever attempted to read. 1) No pictures! UNLESS 2) you sign up on her website for the gallery, and then only the finished project... not the steps illustrated. 3)The reminder to sign-up and get the free book every time you try to turn the page is just poor design. The first time you see it, sure... why not. I have an account I use just for these things so no skin off my nose to give an email address. But, I never got the free download, and then the same thing pops up every time I 'turned' the page! And every link throws you to the same page to sign up for your free download! The instructions for the projects you cannot see are brief, a.k.a. not detailed enough for beginners or beginner intermediates.While I knew terms at the beginning of the book, this was a good set of terms for beginners. I did like that there were not 500 terms you feel you need to memorize or you will never be able to sew. And the definitions were not long and drawn out, which can overwhelm you when you start sewing, so I did like this part of the book. The rest, well without the constant stalking and addition of pictures, it could have been a decent beginner book.6 of 6 people found the following review helpful. Do Not BuyBy Jake WarnerSave your money. The book has information along with a lot ad's. It contains more buy me crap then info on how to sew.

Become an expert at sewing without spending weeks trying to learn how! (Even if you're a complete beginner)Imagine going from an absolute beginner to expert at sewing in just a few days.What if you became so good at sewing that you could make your own clothes, fix pretty much anything, and all of this only took a few days of practice?Multi-time best selling arts crafts author and influencer, Kitty Moore, presents the ultimate book for all beginners trying to learn how to sew. "This beginner's guide for sewing is suited to those who have interest in sewing and knitting like me. This book contains complete basic information about sewing machines and how they work. Also the author has written easy directions on how to sew essential items needed at home like a coin purse, curtains, handkerchief and many more items. This book is really informative!" -- Lana K."Easy to apply! This book is very practical to learn how to sewing. This is a clear guide for beginners like me. I was able to learn all the terms to use the patterns with the sewing machine just by reading this guide. The book also teaches how to save money in the sewing process. You will not learn overnight but the book will give a heads up in the sewing world." -- Dennis R."This book has really got my attention for hours. I know a little about sewing, but this book educated me completely. This book taught me about sewing terms, which is very important as these jargons will help me master the craft. I also appreciate that it included simple patterns to get me started." -- April Hart"Good beginner book to learn how to sew. Good common definitions and several quick and easy projects, like a garden apron, baby blanket and several other fun ideas to try. I especially liked the part about setting up your sewing machine." -- Valerie Garner"What is totally amazing about this book is that it is very complete. It has given just about everything that one needs to know about the sewing machine, plus amazing samples given in links. For someone who is just starting on sewing, this book is a blessing! Now I can make my own kitchen towels and head scarves! This is just amazing!" -- Patricia ThompsonAbout the AuthorExpress yourself. Whether it's crafting, decorating my home, or helping my kids with school projects I enjoy expressing myself. I believe it's my duty and my obligation to inspire others. I hope that others can take these ideas I have put out, and

mold them to fit their own. "In crafts there are no mistakes. It is your own unique creation."
