Shelly Figueroa : Sewing for Boys: 24 Projects to Create a Handmade Wardrobe before purchasing it in order to gage whether or not it would be worth my time, and all praised Sewing for Boys: 24 Projects to Create a Handmade Wardrobe:

1 of 1 people found the following review helpful. A serious challenge for beginners like me. By Vaughn So far I've made 2 pair of the "Goodnight sweetheart pj's tops and bottoms, as well as 2 Henry shirts, for four of my grandchildren. With the exception of the tops consistently running a little short the patterns have fit well. If you have enough experience to pretty much already know what your doing then the instructions and illustrations are accurate and easy to follow, if not, then be prepared with your seam ripper as you struggle with the frustration of trial and error. Without fail after I finally figured out what to do, I'd reread the instructions and now they made sense. When I made the Henry Shirts I followed two online experienced sewers, without the help of their photos I'd have never made it. I'd hope Shelly Figueroa (the Author) continues to produce some more books, and observers as someone else tries to follow her instructions, I'll bet the result will be easier for dummies like me to understand. 3 of 3 people found the following review helpful. Wonderful boys patterns!!!! By Pj3g As a Grandma who sews, I found this book refreshing because it's for boys! Girl patterns are everywhere and in every style. Not for boys though. But here's a bunch all in one book! For the amount of patterns you get in the book, the price is amazing and the patterns are cute too!! They will inspire your creativity! The instructions of the pieces I've already made were understandable and fit together perfectly. I also like that the size range for the patterns will allow me to sew for my grandsons for several years. I love 'Sewing For Boys' and am glad I bought it!!! I added 2 photos of the Easy Linen Shirt and Mr. Two Face Pants. Very classy

outfit if I say so myself and my grandson loved it! 2 of 2 people found the following review helpful. Splendid! By Lola I was thrilled to find this book! I have a young son and love to sew for him, but had very nearly run out of ideas-- and had become resigned that all the cute patterns out there were only for girls. This is a delightful book with wonderful patterns and ideas and these are clothes a boy would really wear-- no teddy-bear Christmas sweaters in this book. I have a fair amount of sewing experience and so there I haven't had any issues with any of the instructions, but I think it's clearly written and detailed enough to be user-friendly to a beginner. Also has some nice tips for working with knits, which I wasn't totally familiar with before but now am more comfortable (thanks in part to this book). Love it! If you have a boy I highly recommend.

Shelly Figureoa and Karen LePage, the designers behind Patterns by Figgy's offer up a fabulous collection of full outfits for boys ages newborn to 7. Readers will delight in the fresh, modern styling that is the signature of Patterns by Figgys. In addition to contemporary styling, readers will also find that every piece of clothing in the photos is a pattern from the book. Aside from footwear, no commercially produced clothing appears in the photos. All patterns are represented by gorgeous photography and presented in the style of coveted Japanese pattern books. From outerwear to sleepwear and from formal duds to playclothes, seamsters can create a full stylish wardrobe for their favorite boys, all from one book. 24 sewing projects are offered in 6 themed chapters which cover all the seasons of the year, and include fun travel accessories and toys. Most of the projects included in the book are garments. Included in the book are full-sized sewing patterns with detailed, illustrated instructions for each project. Sewing for Boys offers a solid foundation of garments; constructed to be comfortable as worn and durable to be handed down in the future.
