3 of 3 people found the following review helpful. Not for beginners!By Evelyn LoweI teach very young children to sew, 10 years and under, this book will not work without one on one help from me. Some of the projects, like the Springtime Bunnies embroidery project, is way too advanced. Looking through the book I did not see anything that I thought the kids would be super excited to make, but I have not let them look at it yet...hopefully they find something that they would like to tackle. For me, I liked the first few pages of the book. It's all review, tips, what basic supplies are needed and why, and then sewing machine basics...good reminder for me to always review these things when teaching the young.0 of 0 people found the following review helpful. but I think I might like to try some of the thingsBy DobbyIt has a lot of cute simple ideas for beginners, but I think I might like to try some of the things.0 of 0 people found the following review helpful.
