Jill Haglund : Shabby Beyond Scrapbooking Ideas before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shabby Beyond Scrapbooking Ideas:

1 of 1 people found the following review helpful. Simple ScrapbookingBy BeachgirlI reviewed many scrapbooking books and purchased three....this book was by far the best!! It has very simple ideas and the material needed can be found around your house!!! That's money saved. It offers some great pictures.

As you glance through Shabby Beyond Scrapbooking Ideas, you will be mesmerized by the eclectic layouts designed by some of the most creative artists in the industry. We specifically chose them to inspire you with ideas because their passion is creating with many of the same materials you use. These artists love scrapbooking, card-making, stamping

and quilting using papers, photos and fabric art! This book is the latest must-have idea book, bursting at the seams with new ideas and techniques. Projects featured are created with ribbons, silk flowers, papers, fabrics and trims, mingled with transparencies, rub-ons, alphabet stamps, distressed tags, inks and imaginative fonts. With so many embellishments out there to entice you, there is no limit to what you can use or how to use it. Get wild, go funky, and most of all have fun!

A feast for your eyes- use stamps, ribbons, papers, trims, fabrics, tags, buttons and all the fun things you love! --
