Libby Yalom : Shoes of Glass: with Price Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shoes of Glass: with Price Guide:

0 of 0 people found the following review helpful. Five StarsBy Kimberlyhours of reading.. thank you3 of 3 people found the following review helpful. Excellent reference book for the glass shoe collector.By A CustomerThis is the first of Ms. Yalom's books on glass shoes. This edition and its price list are small enough to put in your bag was antiquing or yard saleing. Pictures and descriptions are excellent. Descriptions give dimensions of shoes, markings, colors of glass produced and usually a bit of history as to when the shoe was made and by whom. I have both books by Ms. Yalom and refer to them when adding to my collection of nearly 200 different glass shoes! Price lists really help when you are questioning the asking price! The newer edition goes into shoes made of other materials (wood, metal, etc.) and features shoes made of china, porcelain, etc. Both books are great finds for the collector.1 of 1 people found the following review helpful. accurate, concise.great pictures,the shoe bibleBy A Customerthe only complete glass shoe bible in print.an updated version will be available soon. Ms.Yalom has extensively researched each shoe and interviewed many glass makers for her book.I recommend this book to all collectors of these little treasures.
