Very deceptive and misleading cheap copy of the Shoe engagement calender with no ShoesBy Amanda BoydEach year I buy myself the "Shoes" weekly engagement calendar which is spiriral bound and has a glossy full color picture of a different spectacular shoe each week/ each page. This is not that

calendar although it looks deceptively like it from the cover photo. This calendar is not spiral bound, is not printed on glossy paper, has no color and only a faded gray scale photo copy of the same shoe on each page. I am mad at myself for not looking closer but I'm also mad at the seller for selling something so poor for \$10.00 and deceptively similar to something amazing for about the same price. I'm not upset about the \$10.00 but I'm upset about the extra packaging used to ship this product and paper it was printed on, it is sadly going straight into the recycling box. Please beware, this product is a cheap copy not even in the same category as the Shoe engagement calendar. 0 of 0 people found the following review helpful. Shoe lovers By tiffany Very cute and makes for having a calendar/planner more fun. Just wish it was a different shoe per page in the inside. 0 of 0 people found the following review helpful.
