order to gauge whether or not it would be worth my time, and all praised *Shot in the Face: A Savage Journey to the Heart of Transmetropolitan*:

1 of 1 people found the following review helpful. comic scholars and Transmetropolitcan fans rejoiceBy Frank L. Greenagel IIThis is an excellent collection of essays that a comic scholar and Transmetropolitan fan will really enjoy. There are a number of stellar essays in this volume, including pieces on- politics by Chris Murphy- politics (again) by Patrick Meaney- the influence of Hunter S. Thompson on Transmet by Chad Nevett- Women in Transmet by Greg Burgas- the structure of Transmet by Julian DariusThe other essays are fine, but the aforementioned pieces really stand out. If I ever get to teach a college level class on comics, I will include this volume of essays along with the Transmetropolitan run.1 of 1 people found the following review helpful. Five StarsBy KavDo you love "Transmetropolitan"? Then you will love this.0 of 0 people found the following review helpful. Five StarsBy Alex CDefinite must have for true Transmet fans.

Published in 1997-2002, Warren Ellis and Darick Robertsons *Transmetropolitan* became famous for its foul-mouthed protagonist, Spider Jerusalem, and his filthy assistants. But its also a long-form comics masterpiece, a sci-fi comic that succeeded despite the odds, and an examination of journalism and politics and how they intersect, or fail to do so. This book explores all these topics and more, from multiple points of view. It also includes interviews with both Ellis and Robertson.
