Cele Kahle : Silk Florals for the Holidays: 19 Projects for Celebrating Special Occasions before purchasing it in order to gauge whether or not it would be worth my time, and all praised Silk Florals for the Holidays: 19 Projects for Celebrating Special Occasions:

2 of 2 people found the following review helpful. The best I've read! By Kelly PI found this book very easy to follow, with excellent instructions. The list of materials is the best I have ever seen. Cele gives the name of the florals, with colors, measurements, how many flowers or leaves per stem, containers, ribbons, etc. There is no guessing with this book. Photos are great with much detail and show each completed piece in a grouping to help. There are even resources listed in the back of the book. I will use this book many times.

Holiday decorating is bigger than ever, and what a better way to create a festive holiday atmosphere than with flowers!

This book shows how to create beautiful silk floral arrangements and decorations uniquely designed for the home. In addition to a wealth of creative decorations, there is a complete Getting Started section that gives details of basic arranging techniques, tools and supplies as well as general information on choosing flowers, containers, colours and themes. Each project includes a photo of the finished project, a list of materials needed, and all the step-by-step photos necessary to make it possible for the average reader to produce the item and make it look appealing. The projects cover major decorating holidays including Valentine's Day, Easter, Mother's Day, Halloween, Thanksgiving, and Christmas.

"The common denominator of all wreaths is [that] they are handmade. With every wreath, love is the thread that binds it and allows it to last forever, if only in memory. Life gives us plenty of opportunities to hang wreaths on our doors, but perhaps you will agree with me that the best wreath simply celebrates the day." About the Author Cele Kahle has been a floral designer for sixteen years, designing flowers for florists throughout Ohio. Specialising in silk flower arranging, she currently works out of her home doing consulting and custom floral designs and decorations for private homes.
