Lots of pictures, easy to understand instructions. The pages look great and it won't take you days to finish a layout (which I like because I have a lot of scrapbooking to get caught up on). I highly recommend this book.2 of 6 people found the following review helpful. Simple Scrapbooks Ideas Techniques w/CD-RomBy SMillsThe condition of the book exceeded my expectations and I received it promptly as indicated. I will most definitely look to order from you again.
