Diana Blake Gray : Simple, Spectacular Braided-in Rugs (Rugmaker's Handbook) (Volume 5) before purchasing it in order to gage whether or not it would be worth my time, and all praised Simple, Spectacular Braided-in Rugs (Rugmaker's Handbook) (Volume 5):

14 of 14 people found the following review helpful. Money well spent - if I could give this book another star, I would.By Tangled SkeinExcellently written, with easy-to-understand instructions and illustrations. Contains information on everything from making specific shapes and patterns to converting old T-shirts into rug strips. She also includes the information necessary to make baskets and even tote bags and hats using this method.Ms. Gray is not only a master rugmaker, but an excellent writer and teacher.0 of 0 people found the following review helpful. ... rugs on the internet and while there are some good instructions out thereBy WhispurrsI researched how to make braided-in rag

rugs on the internet and while there are some good instructions out there, I did still have a few questions and issues. The two things in the book that were the most helpful to me (so far) have been how to start the initial braid, and the way/rate to do increases. I can also see how to do the design swirls, which is something I hadn't found an exact answer to online. I even had a question and emailed the author, and she promptly responded with an answer. This book was well worth the money for me, and I wish I had bought it sooner. 1 of 1 people found the following review helpful. Five Stars
By AzalakshLove it!

Braided-in rugs only look complicated! With a few old T-shirts, a pair of scissors and a handful of safety pins, you can create stunning braided-in rugs. This lost folk art comes alive with simple step-by-step directions. These durable, reversible rugs are made in a single step, which automatically forms swirling lines for big visual impact. The author walks the first-time rug maker through the process and shows how to make rugs with two, four, six and even eight strands. Directions for right- and left-handers, plus no-sew options make the rugs suitable for all skill levels. With a dozen projects in various shapes, you can create your own heirloom rugs and baskets with fabrics ranging from light cotton to heavy wool.
