Simplicity : Simplicity Simply the Best Sewing Book: The Essential Reference for All Home Sewers before purchasing it in order to gauge whether or not it would be worth my time, and all praised Simplicity Simply the Best Sewing Book: The Essential Reference for All Home Sewers:

5 of 5 people found the following review helpful. TRULY A DISAPPOINTMENT. By J. Davis I BOUGHT THIS AS A REPLACEMENT FOR MY VERY OLD FALLING-APART SIMPLICITY SEWING BOOK. UNFORTUNATELY, IT DOESN'T CONTAIN THE INFO THAT I MOST RECENTLY REFERENCED IN THE OLD BOOK. TRULY A DISAPPOINTMENT. 8 of 9 people found the following review helpful. Not as good as older version. By Jesse I purchased the newest version of this book so that I could give my daughter my 1988 version, but upon receiving it decided that it was not as easy to use. One of the most frustrating features was the index. In the 1988 version under "binding" it would state "edgestitched application, 135-36; making your own, 133-135, etc. In the newest version it would state "binding 20, 27, 95, 98, 121, etc. Any page that had the word "binding" on it would be listed so I found myself having to search the 20+ pages to find what I needed. I am sending this back and will purchase the old one for my daughter. 10 of 10 people found the following review helpful. You need this. By B-Anne I bought this book based on other recommendations in the reviews. Before I bought it, I got it from the Library. I also got a few others. I ended up buying this book and also, Sewing for dummies. Both books compliment each other. I believe this is all I need. I started on my new hobby of sewing a few months ago and these books have answered all the questions I had. If your starting out and even if you have been sewing for years, these books will get you through.

First published 20 years ago, this classic essential reference for all home sewers is updated and better than ever
