I made one of these designs even though it arrived close to Christmas and it looked great! Looking forward to doing some more before next Christmas. Thinking of using these designs on pillows for the holiday season. Don't get many opportunities for snowmen in Louisiana, so we have to make what we can!0 of 0 people found the following review helpful. Fun and great collection of patterns.By Patricia BardonLove the snowmen in this book, they are cute and whimsical. I have purchased single patterns by Robin Kingsley, now you can get a whole book of them. They are done in blue, but could be done in any color. About the AuthorRobin Kingsley enjoys living and working in her California home and third-floor studio. Her collection of vintage needlework tools and treasures is tucked on shelves and in cupboards, and you can see her love of these goodies reflected in her work. When she's not playing in the studio or traveling to shows, Robin can be found in her garden, another source of design inspiration. Even when hectic, every day is fun as she plans new designs, stitches new models, and develops patterns and kits.
