3 of 3 people found the following review helpful. Pass!By CustomerThere is no way this book should have a 4.5 star rating. Aside from the problematic sentence structure and grammar mistakes throughout, the content of the book is not helpful. I understand it's supposed to be a quick read, but all of the tips are so vague as to be completely useless. Example: it mentions a few times that lye is dangerous and soaps that contain it need to be cured, but they never reveal what exactly that means or for how long. It is repetitive in general, while not giving much information. Unless you are amused by poorly written books (and enjoy wasting time) I'd suggest you pass on this one.0 of 0 people found the following review helpful. Valuable addition to your collection of books for all newbie soap makers.By Jo ReviewerSoap making for beginners is a good guide for all newbies and for those who have already begun their soap making journey.The book is filled with practical and useful tips .
