**Maria Neriuis : Soapmaking for Fun Profit: Make Money Doing What You Love!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Soapmaking for Fun Profit: Make Money Doing What You Love!:

0 of 0 people found the following review helpful. It has easy beginner cold process recipesBy Melissa K HargraveWhen this book was originally released, there was a big colorful insert with pictures of the soaps from the recipes listed inside of it. I repurchased this because in the course of several moves I'd lost it. This new edition has no picture insert, but still contains references to it.As for the the book itself, it's a decent primer for a beginning soaper. It has easy beginner cold process recipes, a thorough discussion on safety procedures and necessary equipment. IMO, where it really shines is it's section on the business side of crafting. It gives a very thorough overview of many aspects of selling your soap. I can't recall seeing another book that goes into as much depth about that.0 of 0 people found the following review helpful. Not worth the investmentBy Jezreel JonesAt the time of its writing, I'm sure this book was a helpful resource for soap crafters. However, because so much of the information is outdated, I could not in good

conscience recommend this book to anyone interested in the craft. To be fair, the book does include useful information on how to incorporate and set up a business. However, nearly all of that information is available for free on the Internet. Beyond that however, the book is extremely limited by the inclusion of outdated information on everything from rebatching cold process soap to troubleshooting. 0 of 0 people found the following review helpful. Mother-N-Law is loving it!! By Rmeaux Bought this for the Mother-N-Law who is turning into a prepper. Hope she makes enough for me when the time comes. She was renting this from the library and wanted her own copy. She seems pleased and is making some good smelling soap.

Discover How to Profit from Your Craft Have you ever dreamed of learning how to make fragrant soaps? You can!
