WilsonThe authors have created some delightful furnishings, and I would recommend the book to those who are only just starting out in the World of Dollhouses. If you're putting a play house together for children, this book is a good starting point. However, if you a serious miniaturist, and have a more discerning eye for scale, you should probably look elsewhere. I would more highly recommend Nick and Esther Forder's "Dollhouse Decor: Creating Soft Furnishings in 1/12 Scale".0 of 0 people found the following review helpful. Four StarsBy Mary L. Give your dolls their dream home--without sewing a stitch! Adapt these charming cushions, curtains, canopies, and

other delightful details to your own design style and dollhouse dimensions and create living and dining rooms that range from cozy to elaborate. A master suite, with all the luxury of days gone by, has a four-poster canopy bed, armoire, and chaise longue. The Garden Bathroom is a real botanical spa. There's also a sewing room, a teenage girl's bedroom, a nursery, and even a patio--plus over 150 "redecorating" ideas. Lael Combe Furgeson lives in Auburn, CA, and Terry Combe Johnson resides in Ogden, UT. 128 pages (all in color), 8 1/2 x 10.

About the AuthorLael Combe Furgeson has worked as an interior designer and colour specialist in California and Massachusetts. Terry Combe Johnson teaches both water colour and sculpture classes. This is the first project that the sisters have combined their talents to re create one of the joys of their youth.
