Most favorite of all my cross stitch booksBy CustomerOkay, I must confess that I am one of the few men who likes to cross stitch (you can stop snickering now) and I've always chosen "manly" designs to cross stitch: dogs, wolves, farm scenes, etc. and this book is my favorite of all time. The best think about it: no half stitches or quarter stitches! Every stitch is a full stitch (besides the outlines). I've completed one or two of the designs and I have about three others in process. Also, you can use the designs with most any fabric: 14, 18, 22, etc. I do most of mine on 18 and the finished product looks like a work of art when I'm done. I'm not very creative and cross stitch makes me feel like I've really created a work of art. Plus it relaxes me and helps with my high blood pressure. If you're an avid cross stitcher you need this book in your collection.
