**Art Glass Originals : Stained Glass for the first time** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stained Glass for the first time:

2 of 2 people found the following review helpful. great book to haveBy GailThis is a great book if you are just starting stained glass or getting back to it after 30 years as I was.0 of 0 people found the following review helpful. Great book.By Alicia SpauldingThis book has a lot of great information about the right and wrong way to work with glass. Basic knowledge that everyone should know.0 of 0 people found the following review helpful. Four StarsBy Gary Petersongood book

Youve admired the beauty of stained-glass objectsnow make your own. Use eight skills to create various projects, such as cutting glass to make coasters, assembling a tulip stepping-stone, and crafting a pansy. Bonus: a gallery of work from well-known artisans.

.com Twenty-seven projects introduce us to the craft of stained glass in the tried-and-true "weekend crafter" format: a

question-and-answer setup that poses a basic techniques inquiry (for instance, "How do I assemble a stained glass project using tile grout?" introduces the tulip-patterned stepping stone). Projects progress from easy to more difficult, but nearly all are fairly simple even for beginners. --Amy Handy
