**Paned Expressions Studios, Glass by Appointment Studio : Stained Glass Pattern Collection - "Screen Gems"**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stained Glass Pattern Collection - "Screen Gems":

5 of 5 people found the following review helpful. Great Collection! By RJI've already made several of these firescreens and a few of the room screens. Wonderful designs in this collection. I've never seen such a great collection of this type design for glass and sources for the room screen frames are given on the CD as well. Once again, these artists have met a need and done it with class.

The Artists of Paned Expressions and Glass by Appointment studios have collaborated to produce this first of its kind collection of over 80 patterns for stained glass, etch, and multilevel carve ROOM DIVIDER privacy screens and FIREPLACE SCREENS. Just about every subject and style is covered in this comprehensive collection. Sources for screen framing and fabrication directions are provided on the disk. Patterns accommodate all levels of glass expertise. Each full size pattern is shown in glass image and bW and is available in a JPG, TIF, and Glass Eye 2000 format for easy resizing and recoloring in any graphics program on your PC or Mac. This is CD #9 in the Paned Expressions Studios Stained Glass Pattern Library, for those who are collecting the series.
