Barbara H. Cline : Star Struck Quilts: Dazzling Diamonds Traditional Blocks - 13 Skill-Building Projects

before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Struck Quilts: Dazzling Diamonds Traditional Blocks - 13 Skill-Building Projects:

It has color schemes, easy to understand instructions and has the diagrams broke down for strip sets for your star, and I specifically wanted to know how to make the center star and the tips the same color. I am Native American and live in a remote community so I cannot just go to a quilting class that will teach the more advanced techniques unless I drive over 100 miles one way. If you like making star quilts, I highly recommend this book.0 of 0 people found the following review helpful. Star Struck Quilts is Right! Great

Book!By JW NeedleworkerLove this book! Instructions are clear and beautiful life messages are delightful. Instructions are progressive so you develop skills as you go! If you like star quilts but are apprehensive of making them, then give this a book a try! It takes the quilter to new design levels that you don't see offered everyday. So glad that I bought this book.0 of 0 people found the following review helpful. Fabulous instructionsBy whiskersBest and easiest instructions for lone star instructions I have found with good tips and anecdotal stories. Add this to beautiful traditional and modern designs and you have a great quilting book!

This book includes complete instructions for 9 wall hangings, which can then be transformed into 27 bed-sized quilts. Barbara shares many valuable life lessons and shows you how to achieve the fine workmanship found in the quilts made in her Mennonite community.

Calling all star gazers! Kaleidoscope star quilts are developed from traditional blocks and will make quilts that stand out from the rest. Cheryl's technique for transforming traditional square quilt blocks into exciting, new diamond shapes is both beginner-friendly and easy to learn. She even takes the fear out of the dreaded Y-seams with her step-by-step instructions and the addition of easy-to-understand photocopy-friendly paper patterns. This book is well worth checking out if you want a complex look to your quilt but without the headache!Fabrications (12/10)About the AuthorBarbara H.
