It is also great for helping you to get a different type of photo than you usually take. I bought it as a jump start to creativity and it is great for that too! There are ideas for photo taking as I explained above, ideas for story telling journalling, technique ideas, etc... The book gives you the idea or starting point then does a layout with that starting point, along with a written idea, technique, or explanation. If you are a visual learner, this book is for you; if you are a

written learner, this book is for you, if you need inspiration/or a challenge, this book is for you...who am I kidding, this book is for you!0 of 0 people found the following review helpful.
