The only thing lacking is much, much more, but I realize it is just a little guide. It has great maps of the Cathedral also. It was very enjoyable to sit down and read through it.0 of 0 people found the following review helpful. Lovely Gifts to GodBy So Many Books...Visitors to the Washington National Cathedral have seen the beautiful needlepoint kneelers and rugs given to the church. This book highlights many of them and encourages our future gifts to churches around the country.
