Stitches for the Millennium (needlepoint)By HeatherFor anyone out there who needs a comprehensive manual of needlepoint stitches that is well set out and easy to understand, this is the book for you.I highly recommend it to anyone undertaking different stitches in their work who want to get the steps right from the outset. I only wish I had all the books in this series.2 of 2 people found the following review helpful. Wonderful bookBy Lizette ThomasI was able to find all 3 books by the author here and it is a great find. A must have for any serious needlepointer. The shipment was quick and the book was in wonderful condition.1 of 1 people found the following review helpful. A must for an avid stitcherBy ndlepointer2016This book has the most unusual background designs. A must if you do lots of needlepoint. Great reference...and a keeper
