Sharon Pereida : Storage Units: How to Buy at Auction for Fun and Profit before purchasing it in order to gage whether or not it would be worth my time, and all praised Storage Units: How to Buy at Auction for Fun and Profit:

0 of 0 people found the following review helpful. Great book on storage units, easy to read with lots of information.By Cassandra LThere are many books about storage units, however this one stands out because in only 89 pages the author gives you all the tips and info you need to get started along with her own personal stories. I love the authors down to earth and often comical approach to the reader. Must have, even if you're not in the business.0 of 0 people found the following review helpful. A fun readBy USMCwifeyI received this book as a gift and both my husband and myself really enjoyed it. I would really recommend it to anyone looking for a leisure read or interested in buying storage units for a hobby or profit.Loren
