The Collection oF stuffed Dolls from a Fancy WorldBy Etta BreaultI just adore this book mainly because the dolls are so different from any I have made. They look difficult, but the instructions are thorough so when I make one or more, I shouldn't have that much trouble. The dolls are adorable and Fancy is a good word to have used in the title. I am very pleased with my purchase.1 of 1 people found the following review helpful. good product, just what I wantedBy Carolina LopezFast delivery,good
