Kelly Lyden : Stylish Kids' Parties: Recipes and Decorations for 12 Festive Occasions before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stylish Kids' Parties: Recipes and Decorations for 12 Festive Occasions:

1 of 1 people found the following review helpful. I was hoping for moreBy FortenarchThere are many cute ideas here but organizing the material around 12 themes (e.g. golf) is very limiting. If you're going to use this approach a chapter on basics would have helped as would chapters devoted to specific party elements such as party favors. The 12 themes seemed to be geared for very young children. I guess I was looking for more of a resource book than directions for planning 12 specific parties. But the photography is great and the overall focus on "stylish" is carried out well.0 of 0 people found the following review helpful. Well conceptualized, easy to pull off!By Kristin WareI bought this book looking for some quick inspiration and was really excited by what I saw!Great photography, conversational tone, and a nice range within each party that if you didn't want/couldn't tackle all of the elements, the party would still feel fresh

and different. Would highly recommend this to a friend! 0 of 0 people found the following review helpful. I love all of the inspiration it has to offer
By Christine O. This book is incredible! So vivid and colorful. I love all of the inspiration it has to offer.

You're invited! Your favorite party hostess, Kelly Lyden, makes it a snap to plan, design and execute festive kids' parties that wow adults and thrill little ones!
