Julie Jackson : Subversive Cross Stitch before purchasing it in order to gage whether or not it would be worth my time, and all praised Subversive Cross Stitch:

In this wicked little book, Julie Jackson reinvents the age-old craft of cross-stitch, finally putting an end to all that saccharine sentimentalism and giving modern stitchers the chance to say what's really on their minds. Stitch up Bitch in Kitchen for a heartfelt housewarming gift. Spread cheer with the ever-festive Bite Me. Or whip up This Place Sucks for a cherished co-worker. This fully illustrated book includes 33 of Jackson's best patterns and easy-to-follow directions. Jackson outlines the simple tools and techniques needed and even offers encouragement and tips on how to create one-of-a-kind revolutionary designs from craft-store patterns with subversive sentiments all your own.
