Anna Hrachovec makes knitting simple and easy to comprehend By LitPick Student Book Reviews As one who doesn't always like to follow patterns and gets highly frustrated when I don't understand something, I found the author's notes to be helpful. By breaking down the patterns into sections, she made knitting less difficult and stress free. The patterns go by somewhat quickly, which I liked, and I think is quite good for all the impatient knitters out there. In my opinion, a few of the creature designs are not entirely cute, so this is one of the reasons why I enjoyed the mix and match monsters section, where I was able to practice certain techniques and design the toy specifically how I wanted. Super-Fun and Super-Scary By Melodye Traupe I don't know where Anna got her ideas from for this book. She really has the most creative mind and slightly ghoulish, too. :) So many cute and clever characters in the book, I couldn't pick a favorite if I tried. I particularly liked the last section, where you learned how to put various scary parts together to make your own super-scary monster.

Also, this book is just not for Halloween, although it has plenty of Halloween type characters in it. I love Anna's books. I have all of them. 0 of 0 people found the following review helpful.
