From Sterling : Superman: Sunday Classics 1939-1943 before purchasing it in order to gage whether or not it would be worth my time, and all praised Superman: Sunday Classics 1939-1943:

4 of 4 people found the following review helpful. Its a StealBy Ganapathy SubramaniamThis Man of Steel book is a steal!For around ten dollars, what you get is, a large format, hardbound, rock solid edition, in full color, on great quality paper, of the first years of this awesome comic strip.Each page contains one Sunday strip, for back to back entertainment, that seems to go on and on.Wonderful.I do have a thought on the glossy papers, though its not a dampener. I would think those acid-free non-reflecting crisp sheets of paper would bring out the vivid black pen-brush work as well as those colors better.1 of 1 people found the following review helpful. read some of the pages and it was good already!By J. M. L.Arrived on time... read some of the pages and it was good already!1 of 1 people found the following review helpful. Great book!By lilacbear63This is a very nice book, It is put together well, all color pages, and great old time superman comics!

Thrill to the Early Adventures of the Man of Steel!In the late thirties, when Superman was making his ground-breaking debut in comic books, his legend was simultaneously being propagated in Sunday newspapers.Collected in this deluxe edition are the first three years of the classic Sunday Superman comic strips as written and illustrated by the Man of Steel's creators Jerry Siegel and Joe Schuster.In these timeless tales, the Man of Steel challenges saboteurs and racketeers, saves runaway trains and plummeting planes, defeats giant robots and begins his lifelong rivalry with his greatest nemesis, Lex Luthor.

"Solid Golden-Age Superman stories. There are no story lines that are poor though a few seem more improbable than usual. The last five strip stories turn solidly towards World War II as Superman helps out fundraising in Hollywood and on various national defense projects, including helping a young man grow up to face the challenges of war

time." -- Adam Graham "This is a wonderful coffee table book with excellent interior art. This is a large format, hardbound book in full color, printed on prestige format paper. As one might imagine, the book is a blast to read. Carefully reading and studying the panels, one could see how Siegel and Shuster progressed as writer and artist, and their train of thought." -- Man of la Book.com
