From Two Morrows Publishing : Swampmen before purchasing it in order to gage whether or not it would be worth my time, and all praised Swampmen:

0 of 0 people found the following review helpful. Great artwork and great piece of writing By Michael Lundgren This takes me back, and does not let down. I could remember these comics as a kid and it was so nostalgic. Great artwork and great piece of writing, thanks all around, worth a read, pick it up 0 of 0 people found the following review helpful. Not really worth the wait. (Sorry.) By Dee Dee After waiting almost ten years, it was a bit of a let down. My favorite part of the book was the reprinting of " IT ". Personally, I thought Bissette did the best interview. Also, some nice art from Ploog. Sadly, nothing I hadn't seen or heard already. If you're new to Swamp Thing, it's a great companion. My main problem is Gerber had passed away in the last few years. So, he didn't have much to say. 4 of 5 people found the following review helpful. Nice try, a good proofreader would have been helpful. By Mark C. Williams The art in this book is very nice and the subject matter is right up my alley. Unfortunately, I'm the type of person who trips on

spelling, grammatical errors and just poor editing. If it was just a few glitches, it would be okay; though it is not. I give this book 5 stars for the incredible amount of information and excellent interviews, but 1 star for editing. It seems wrong that a book that had been in the works for so long, would be apparently rushed out when it finally went to press. That is why I've given it only a 3 star rating. I love the content and I can really get involved in reading it. It's just that the bumps I pass over (errors) while reading this book take me away from the enjoyment.

Swampmen: Muck-Monsters of the Comics dredges up those creepy man-critters that crawled out of the bayou back in the 1970s, through the memories of the artists and writers who created them! A stunning line-up of interviews discuss Swamp Thing, Man-Thing, The Heap, Lurker of the Swamp, It, Bog Beast, and even Marvin the Dead Thing.

"SWAMPMEN' EXPLORES THE FERTILE GROUND OF AN UNLIKELY SUBGENRE." J. Caleb Mozzocco, Comic Book Resources "Swampmen: Muck-Monsters and Their Makers is a unique and fun-filled journey into all comics swamp-like. Fans of the genre and those looking to expand their horizons beyond typical comic book fare are invited to come wade through the muck of great interviews, personal histories, and disgustingly great artwork here as though to say "Come on in, the swamp is fine." Gross! - Chris Mitchell, Popzara "Swampmen: Muck-Monsters of the Comics provides the second double-size CBC Annual and considers the range of characters and scenarios that comprised 'swamp men' such as The Heap, Bog Beast, and more. A range of illustrators, writers, and more are surveyed with black and white images accompanying details about photo shoots, graphic novels, book-and-record sets, and plots of stories. There are even color panels and a cover art work by Frank Cho and a history of the evolution of Swamp Thing underground horror culture, making this a pick for any who would absorb the peculiar evolution of the 'swamp thing culture' in the world of graphic novels and comics." - James A. Cox, Midwest Book
