Pamela Miller Ness : Swedish Tvistsom Embroidery: Technique and 46 Charted Designs (Dover Needlework)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Swedish Tvistsom Embroidery: Technique and 46 Charted Designs (Dover Needlework):

4 of 4 people found the following review helpful. Not one of Dover's bestBy Jane in MilwaukeeI have hundreds of needlework books and dozens of Dover's books. I have the other 2 titles by this author, Norwegian Smyrna Cross-Stitch: Technique and 39 Charted Designs (Dover needlework series) and Assisi Embroidery: Technique and 42 Charted Designs (Dover Needlework) and I like them better than this one. The designs have an American 1960's flower child aspect to them rather than folk designs from another country. I've had this for years and will likely never use it.

This book provides techniques and designs for Swedish folk embroidery that was popular in the 17th and 18th century.
