3 of 3 people found the following review helpful. Great Snowflakes! By Bekka This is a shuttle Tattening book. Good to know. Love the history included at the beginning of the book. Good instructions. I highly recommend if you want to make some beautiful snowflakes. 1 of 1 people found the following review helpful. Have this on Kindle and it does work quite well. By crazy ladybug Made everyone I know a snowflake ornament. The instructions are clear and good. Some very nice patterns. Only complaint is that the photos don't fall next to the title of the pattern. I worked around it just fine, but it was a little hard to pick a pattern. Or if the index had all the photos with pattern names. 2 of 2 people found the following review helpful. A treasure of a book. One of the classic tatted books! By Customer Lost my first copy. Always loved this book. The patterns are classic treasures. Each pattern is clear to understand. The photos

confirm the patterns. Very helpful.
