Amy Brown : Teacup Faeries and Friends Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Teacup Faeries and Friends Coloring Book:

6 of 6 people found the following review helpful. Wonderful Coloring Book, Even for AdultsBy ShadowbenderBought this for my adult daughter, who is a big Amy Brown fan. She needed someway to relax and unwind and take her mind off of the stresses of the day. This has been the answer. At the end of a bad day, after the kids have gone to bed, she can color in these and forget about the stresses of the day for a little while and enter the fantasy world of Amy Brown's faeries.3 of 3 people found the following review helpful. Love this bookBy CharI love this coloring book...it is fun and the artwork is good. The pages are best suited for color pencils...I have not used any gel pens or watercolor in the book but I believe they would bleed through. However, the back side of each page is blank so if you placed some kind of protection between the pages it would work.0 of 0 people found the following review helpful. A very Amy Brown, fairies, tea cups, dragons, fantasy coloring book!By MeA darling Amy Brown

coloring book featuring fairies, teacups dragons, sometimes all on the same page! The cover really gives an accurate idea of the coloring pages, if you like Amy Brown, you'll like this. There are 22 coloring pages (soft bound 8 1/2" by 11"), basic paper, single sided, clear fine lines. I bought this as a gift for my adult daughter, she's an Amy Brown fan, she'll love it when she gets it!

22 pages to color. The teacups have been left blank, so you can design your own cup! Features faeries, mermaids, dragons and 1 unicorn! Each image is single sided. We recommend putting a few sheets of paper under the page you are coloring to avoid bleed through if using markers.
