Great resource for beginner MaillersBy Renda W.I've just started in chainmaille and there is so much info out there, it was hard to know where to start. This book teaches the basics of the most popular weaves4 of 4 people found the following review helpful. Great bookBy fuleneThis is a very good book to help you learn the basic chain maille weaves. It has very clear instructions and a selection of projects. This is all I will need, and more, as I intend to do just a few of the basic weaves that I particularly like, as heavy chain bracelets or to attach my hand made charms for charm bracelets.1 of 1 people found the following review helpful. Five StarsBy Crafter BItem better than expected very helpful.

Keeping a beginners time, abilities, and budget in mind, The Absolute Beginners Guide Making Chain Mail Jewelry introduces jewelry makers to seven basic weaves. Eighteen fun, stylish projects follow, beginning with easy-to-make

earrings, and progressing to bracelets and necklaces. In addition to practicing basic weaves and creating beautiful pieces, beginners will learn many other important skills. They will learn how to use chain mail to embellish leather and other materials, add crystal accents, make stretchable chain mail with rubber O rings, add color with anodized aluminum rings, and more!
